## EDUCATION

**Bachelor of Education with Distinction**, University of Victoria, Victoria, BC  
• Elementary Education Post Degree Professional Program

*December 2005*

**Bachelor of Arts**, University of Victoria, Victoria, BC  
• Psychology & History

*May 2004*

## TEACHING & SCHOOL EXPERIENCE

**Teacher**  
**Louis Riel Elementary and Junior High School**  
**Calgary, AB**

*September 2006 – Present*

- Taught Grade 7 Humanities, Smath (Science & Math), Grade 9 Social Studies, Grade 9 Digital Photography, Photojournalism, and Video Production, and Grade 7 and 8 Web Design and Video Production.
- Co-taught Language & Literacy Humanities 7 class for two years, including collaborative planning, teaching, and assessing
- Designed innovative student centered inquiry and project based lessons, activities, and projects to encourage student development, engagement, and critical thinking skills
- Differentiated lessons and resources to accommodate multiple intelligences and varying learning styles and abilities
- Collaborated with Alberta Initiative for School Improvement staff to enhance projects to allow all students to better demonstrate their essential understandings
- Integrated technology into daily teaching practice
- Acted as the school's Educational Technology Liaison and Information Communication Technology Specialist
- Co-founded student based school Citizenship Club and advised for Yearbook Club
- Coached Grade 7 Basketball, Grade 9 Badminton, and Grades 7 to 9 Track and Field teams
- Established school based house teams and assisted in the planning and execution of various student activities, as a member of the staff Citizenship Committee, a steering committee for citizenship education for students from kindergarten to Grade 9. Student activities included a Christmas food and toy drive, community clean up afternoon, as part of Earth Day, and pep rallies.
- Conducted school-based research and set goals, as part of the Humanities Team, regarding student reading engagement and the affect this has on student achievement
- Communicated efficaciously with parents on the phone, in person, on D2L, and through a self created classroom website

**Technology Support  
Calgary Board of Education  
Calgary, AB**

*September 2006 – Present*

- Supported technology at Louis Riel School, Mount View School, and with AISI staff
- Assisted in the acquiring of technology including: SMART Boards, Senteo interactive response systems, Airliner wireless slates, SMART Document Cameras, LCD projectors, classroom speakers, noise cancelling headsets, digital cameras, digital video cameras, video production equipment, a/v equipment, and various software (licensed and open source)
- Offered professional development in the following areas: digital photography, basic video editing, D2L, Smart Board, Senteo system, Airliner, integration of technology into the classroom, and software (Audacity, Movie Maker, Microsoft Office Suite, Notebook 10, Comic Life, Kompozer, and GIMP)
- Co-created a CBE locally developed junior high technology option, Creative Communication: Using 21<sup>st</sup> Century Technology to Entertain, Inform, and Persuade.
- Aided staff with everyday technology to help create a more technologically literate staff
- Created custom online equipment and room sign-out in Outlook
- Maintained school computers and server through administrative computer privileges
- Re-arranged school computer labs and computers to provide better ergonomics

**Teacher on Call  
Victoria School District & Saanich School District  
Victoria, BC**

*January 2006 – June 2006*

- Hired by both school districts directly after completing Bachelor of Education degree.
- Taught in diverse classrooms ranging from Grade 2 to Grade 11 including working with special needs students
- Requested to be acting Vice Principal for one week at Central Middle School during which time I taught and addressed any behavioural concerns.
